CERTIFICATE OF PUBLIC GOOD ISSUED
PURSUANT TO 30 V.S.A. SECTION 248

IT IS HEREBY CERTIFIED that the Public Service Board of the State of Vermont ("PSB") this day found and adjudged that the construction of a natural-gas facility by Vermont Gas Systems, Inc. ("VGS"), to be located in the Town of St. Albans, Vermont, consisting of the construction of 2.85 miles of 16-inch pipeline commencing approximately 100 feet south of Newton Road and terminating at Nason Road, and the relocation of an existing pressure-regulation station from Beebe Road in Swanton to Nason Road in St. Albans, will promote the general good of the State of Vermont in accordance with 30 V.S.A. § 248, subject to the following conditions:

1. VGS will provide the Vermont Department of Public Service ("Department") with its proposed design for coverage at the Nason Street drainage ditches for review and comment prior to installation of said coverage.
2. VGS will review its surge protection design with the Department prior to construction.
3. VGS will build the Project in accordance with the testimony and exhibits filed in this docket. The parties acknowledge that minor changes may be made to the Project in the course of construction. VGS also acknowledges its responsibility to seek further PSB approval prior to making any changes that are potentially significant under the criteria of 30 V.S.A. § 248.
4. VGS will file an Integrated Resource Plan by November of this year.
5. VGS will provide for DPS review and comment, prior to construction, a proposed design for pressure monitoring at the 8-inch crossover connection between the 10-inch and 16-inch pipelines at Beebe Road.

6. VGS shall obtain and comply with all conditions and requirements of all necessary permits and approvals.

7. This Certificate shall not be transferred without prior approval of the Board.

DATED at Montpelier, Vermont, this 9th day of August, 2004.
